The exhibition is a group show featuring the work of Colleen Alborough, Ricky Burnett Shane De Lange, Bronwyn Lace, Ian Marley and Rat Western. The 2012 phenomenon is a present-day cultural meme proposing that cataclysmic or transformative events will occur in the year 2012. This exhibition asks artists to engage on man's fleeting presence on earth and step outside of the paradigm that places man at the centre of his world. Each artist explored their own response to this brief.
